

Additional Registration Information

- I. Plan ahead: determine advisor, select classes, prepare one-year plan (engineering students) and visit your advisor before your registration opens. Advisors may not be available between terms.
- II Pay attention to Prerequisites - Consider requisites carefully in planning your schedule. Put a priority on your prerequisite courses in your current term. Mathematics courses are critical in the first year:
- A “C” or better is required to advance to the next Math class
 - It is easier to stay an “A” student, that to stay a “C” student
 - ENGR Students → MA 166 Calculus II and PHYS 152 Mechanics are your gateway to sophomore courses
 - ET Students → MA 159 or MA 153 & MA 154 are your key First-Year Mathematics Prerequisites

III. General Education Requirements

Area	Engineering Majors	MIET Majors
I & II	Fulfilled by Required Courses	Fulfilled by Required Courses
III	One Fulfilled by ECON 201, One Elective	Fulfilled by Required Courses
IV	Two Electives	Two Electives
V	Fulfilled by Required Courses	One Elective
VI	One Elective	Fulfilled by Required Courses

Engineering has a separate list of approved area electives, see website

IV. Assignment: **A completed One-Year Course Plan** **Due: next week**

- Download: *One-Year Course Plan* from Engineering Website
- Identify your advisor from my.ipfw.edu and fill in on form
- Get course schedule information for Fall and Spring Courses

Major	Source of Schedule Information for	
	Fall 2008	Spring 2009
ENGR	ENGR Website (Course Info.) or IPFW website	Engineering Website (assume same as this term if not available yet)
ET	IPFW website or schedule book	Check Master Schedule (Assume if offered classes will be at the same time as this term).

- Write up a tentative schedule for next two semesters including times on the One-Year Plan form (Optional: Engineering students may wish to have it signed off by your advisor so you are ready to register)

Points	Item
2	Reasonable Schedule Received with header completely filled in
2	Fall 08 classes listed
2	Fall 08 times listed
2	Spring 09 classes listed
2	Spring 09 times listed
